ACTIVITIES

CLASSIC BREWERY TOUR

Invite your team to discover the backstage world of the Chouffe Brewery!

It was here, in an old farmhouse in Achouffe, that Pierre Gobron and Chris Bauweraerts brewed their very first La Chouffe on August 27, 1982, under rather basic conditions. What started as a hobby soon became a passion, and eventually a worldwide success story.

Today, Chouffe beers embody conviviality, a deep connection with nature, and the joy of sharing simple pleasures.

So... are you ready to uncover the secrets of Chouffe beers?
